ENTANGLE final goal

The project's ultimate goal is to have more VET students starting their own enterprise and this will be reached by directly and indirectly improving the quality of: lessons, learning material, advice, guidance and VET-small entrepreneur/former VET student relations.

An innovative approach

The ENTANGLE project has an innovative approach to entrepreneurship teaching in VET institutes (VETs). It adopts a full scale method with supporting materials and

tools, a direct and practical approach not yet applied in most VETs.

Link between the VET professionals and entrepreneurship

ENTANGLE effectively strengthens the liaison between VET professionals and this emerging kind of working life called entrepreneurship. By doing so, it develops the capacities of VET teachers for better job and career guidance to individual students.
